

MRS. SOTHEON ASKS A LIMITED DIVORCE

Long Abuse Charged Against
Husband, Prominent
Physician.

Details of twenty-three years' alleged abuse, which she declares began one month after their marriage in 1887, are recited in a bill for limited divorce filed today by Mrs. Dora M. Sotherton, wife of Dr. Elmer H. Sotherton, of 1221 I street, for twenty years a practicing physician in this city and owner of properties valued, the wife says, at approximately \$80,000. Mrs. Sotherton is represented by Attorney John E. Laskey and Henry E. Davis.

Dr. Sotherton has been cited to appear before Justice Stafford on July 6 and show cause why he should not be compelled to pay alimony to his wife.

Mrs. Sotherton was married to him, she says, in 1887, in Mansfield, Ohio, and one month later came to this city. They have a son twenty-two years old. She declares that from the time of her marriage until September 17, 1909, she lived with the physician, enduring the abuse she says he heaped upon her, because of the notoriety attending court proceedings. After that she declares she returned to her home on January 17 last, and remained with him until April 30 last, when she was compelled to leave him.

She tells the court that in the fall of 1887, while she was a bride of a few months, her husband began his cruelty by making false accusations against her and by striking her in the face. Since that time she says she has often assaulted her. She cites one occasion, in the spring of 1897, of his having thrown water and hot coffee upon her; another, of his having struck her over the head with a saucer; another, in the fall of 1897, of his having slapped her face; on July 3, 1898, of his having assaulted her mother, who was taking her part; in February, 1900, of his having beaten her with his first until a roomer interfered; in February, 1904, of his having struck her.

Less Frequent.
From 1906 until the present time she says his cruelty has been less frequent, but that finally she was forced to leave him on April 9 last, taking with her her own belongings, which were just sufficient, she says, to furnish her flat. On May 3, last, she declares that her husband obtained a writ of replevin by which he caused her flat to be stripped leaving her not even a bed in which to sleep, and she was forced to give bond at the office of the United States Marshal before it was returned to her.

Mrs. Sotherton says that she is dependent upon her mother and friends at the present time for support, and asks that her husband be compelled to contribute to her maintenance.

PLANS UNCERTAIN FOR GORE PROBE

No Definite Arrangements
Made for Hearing of
Bribery Charges.

Following the meeting of the special Senate committee appointed to investigate the charges of bribery in connection with the Indian contracts, Senator Jones, chairman, announced that no conclusions had been reached as to when and where the committee would meet in the future.

Senator Jones said that both time and place would be determined upon later. Two members of the committee were absent. They were Senators Corbett and Percy, both of whom have left the city before the investigation was authorized.

Jones' Statement.

In his statement Senator Jones said: "It must not be overlooked that the scope of the investigation by the Senate committee is limited to practically two propositions. One is whether or not any Senator is or during his term of office has been interested in or connected with legislation affecting the approval of Indian contracts or who has done anything toward said interests and the other is whether any improper attempt or effort to present or secure the passage of the bill affecting the approval of Indian contracts have been made during the present session of Congress.

"The impression seems to have been given out that Senator Gore stated on the floor of the Senate upon his own responsibility that some member of the Senate is interested in these Indian contracts."

What Gore Said.
"The committee desires to call attention to the fact that his is no correct, and that what Senator Gore did say was as follows: 'Of course, the integrity of no one could be impeached upon the testimony of an interested or untrustworthy witness. But he gentleman who manifested so much interest in my financial welfare stated to me that a member of the Senate was interested in these contracts, and he stated to me that a member of the House was also interested.'

"From this it appears clearly that Senator Gore himself does not charge any member of the Senate with being interested in any of these contracts, but simply states that this charge was made to him by another person."

Senator Jones added that just as thorough an investigation as possible would be made under the limits of the resolution creating the committee. It is understood that the committee will begin not later than the first week in August.

The president of the Board of Commissioners was born June 25, a number of years ago.

"Today I'm feeling fine, and am ready to start another half century."

Among New Boxes, Then
Tackles Mail.

OYSTER BAY, L. I., June 27.—Former President Roosevelt spent the entire morning knee deep in his African trophies, disposing of several boxes of skins, hides, and animals and birds of all kinds that he secured in Africa.

The boxes arrived at Sagamore Hill today, and Colonel Roosevelt personally supervised the unpacking. This afternoon he talked his mail, with little prospect of making more than a dent in it. He also prepared for his trip to Cambridge tomorrow.

At Sagamore Hill today it was declared that definite arrangements had not been completed for a meeting between Taft, Hughes, and Roosevelt at Beverly.

Report Denied.
NEW YORK, June 27.—The story that Col. Theodore Roosevelt was to be operated upon today at the Manhattan Eye, Ear, and Throat Hospital, by Dr. Walter Franklin Chappell, is officially denied by Dr. Chappell's office.

"Dr. Chappell authorizes the statement that the report is untrue," said his secretary. "Colonel Roosevelt is not coming to see Dr. Chappell today. He has no appointment with him, either today or on any day in the future. Dr. Chappell has never treated Colonel Roosevelt."

At the office of the Outlook, it was stated, that Colonel Roosevelt did not intend to visit New York today.

Two members of the committee were absent. They were Senators Corbett and Percy, both of whom have left the city before the investigation was authorized.

NAMELESS THEATER CONTEST ATTRACTS

to Company.

Washington guessers are busy sending in to the Diamond Amusement Company suggestions for a name for the new theater at 507-509 Ninth street.

For thirty days the contest will be open. Should two persons suggest the prize-winning name on the same day the award will be divided. The list of names suggested during the week will be published in these columns Sunday.

The theater, which has present is nameless, is entirely new and is declared to be the most modern of any of the playhouses in this section.

The satisfactory nature of the card offered by the nameless theater is reflected by the large crowds that have witnessed the shows since the opening. The management is endeavoring to present high class motion pictures and illustrated songs.

FALLS FROM MOVING CAR.
Frank P. Burke, twenty-two years old, of 709 F street southwest, is in the Emergency Hospital today with numerous bruises about the head and body. Burke fell from the running board of a moving Seventh street car near the corner of E street southwest last night, and was rendered unconscious. His injuries, however, are not serious.

Colored Girl Fatally Hurt In
Accident on Rockville
Pike.

Regaining consciousness this morning, Roy M. Palmer, an automobile dealer, of 3846 Woodley road, is expected to recover from injuries received in an auto accident on the Rockville pike yesterday afternoon, when Palmer wrecked his machine in an effort to avoid running down a colored girl. He is suffering from concussion of the brain.

Swerving as he applied the brakes with full force, the auto struck the girl and threw her to the road, dragging her twenty feet. The machine skidded and turned over in the ditch along the side of the road, throwing Palmer out on his head.

The girl, Ruth Wood, fifteen years old, died three hours later. The accident occurred near Rockville, where there is a small negro settlement. Lying unconscious in the ditch, Palmer was soon surrounded by a crowd of angry men and women. A passing automobile stopped, and those in the machine picked him up and carried him to the home of William H. West, two miles west of Rockville. Later in the evening he was brought to Washington and taken to the Casualty Hospital, where the doctors said today that his condition is "favorable."

DRAG RIVER FOR BODY.
WILMINGTON, N. C., June 27.—The authorities today started dragging Cape Fear river for the body of Capt. Roy Smith, thirty years old, who fell from the deck of a launch while coming here with a party of friends. Smith had been commander of the steamer City of Fayetteville for six years.

BURIAL AT FREDERICK FOR CYRUS THOMAS

Following the holding of funeral services at 4:30 o'clock this afternoon, the body of Prof. Cyrus Thomas, scientist, and long connected with the Bureau of American Ethnology, will be taken to Frederick Md., for interment tomorrow morning.

Prof. Thomas died yesterday at his residence, 1507 Park road. He was in his eighty-fifth year, death being due to general debility. For the last thirty years he had been employed in the Bureau of American Ethnology, and had been active in his work until about four weeks ago.

The venerable scientist was the author of numerous works on ethnology and kindred subjects. He was twice married, his first wife being Dorothy Logan, a sister of Gen. John A. Logan. After her death, he married, in 1888, Miss Viola Davis, of Youngsville, who, with three daughters, survives him. The daughters are Mrs. Charles S. Grindle and Miss Nellie R. Thomas, of this city, and Mrs. Charles E. Sturdevant, of Worcester, Mass.

Another daughter, Miss Jessie E. Thomas, formerly librarian of the Bureau of American Ethnology, met death by drowning in the tidal basin while skating on January 15, 1903.

ECZEMA VICTIM
GAVE UP HOPE

After Suffering a Year with Raw,
Watery Humor on Hands and Face
—Prescriptions Did Not Do
a Bit of Good—Scratched Till Blood
Came and Had to Quit Work.

COMpletely CURED
BY CUTICURA REMEDIES

"I suffered with eczema for one year and had two of the best doctors in town, but their medicine did not help me. First of all there were small white pimples on my left hand and I had to scratch until the blood came. Then they would puff up and water would run out. Wherever this water would run there would be more pimples until my whole left hand was a mass of sores. Then my other hand became affected and they were like a piece of raw meat. Then it came on my face, neck and under my right arm so that I was unable to raise my head for two weeks. It became so bad that I was obliged to give up work."

"About four months ago I started to doctor and the doctor told me it was eczema. So he told me to get soap, hot water, and bathing. I used them for a month and they didn't do me one bit of good so I tried another doctor. He gave me three different kinds of medicines, but I was very much put out when these remedies did not help me. I was unable to sleep at night and I gave up all hope until I decided to try the Cuticura Remedies. I used two cakes of Cuticura Soap, two boxes of Cuticura Ointment and three bottles of Cuticura Resolvent and I am glad to say I am cured. Miss Nora Shultz, 242 North Third St., Reading, Pa., Jan. 4 and 7, 1909."
